

To find out your glove size, measure (in inches) around your hand with a tape measure, at the place indicated by the red line (just below the knuckles) to the widest part of your palm on your little finger side. You should use your dominant hand, the right if you are right-handed, and the left if you are left-handed.

*** NUMERIC SIZES:**

These are the same as your measurement in inches. Round up or down to the nearest size.

*** LETTER SIZES:**

Use the chart below to convert inches to letters. Round up or down to the nearest size.
